It was great to hear about all the things that students like about school. Students asked for another bike to use on the MUGA, to which they were informed that one had just been ordered.

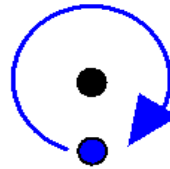

Things

we

don't like

about

school

- Cooking – don't like pasta
- Not enough quiet spaces
- English books are boring. Don't like Read, Write Inc
- Wood chips under the zip wire – gets everywhere
- Need more things to play with at playtime outside – would like a hop scotch, more sensory items, benches and a sensory garden
- Maths
- Being late
- Going home
- Sometimes its hard when we can't use our favourite rooms

Whilst we realise not everyone enjoys the same things, there were some suggestions that were actioned.

The wood chip under the zip wire is being looked into to try and swap it for a safe tarmac. Quotes are being received.

A small group of staff have put together a playtime wish list, which includes more benches, sensory items and different things to play with.
